

Independent Auditor's Report

To the Members of Asian Paints Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the accompanying Consolidated Financial Statements of Asian Paints Limited (hereinafter referred to as "the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group") which includes the Group's share of profit in its associates, which comprise the Consolidated Balance Sheet as at 31st March, 2022, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements of the subsidiaries and associates referred to in the Other Matter section below, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2022, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows

and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

The Key Audit Matter	How was the matter addressed in our audit
Revenue recognition – the Parent (Refer note 1.3(f) and 23A of the Consolidated Financial Statements)	
Revenue is one of the key profit drivers and is therefore susceptible to misstatement. Cut-off is the key assertion insofar as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of results for the year.	Our audit procedures with regard to revenue recognition included testing controls, automated and manual, around dispatches / deliveries, inventory reconciliations and circularization of receivable balances, testing of cut-offs and performing analytical review procedures.
Impairment of goodwill in Consolidated Financial Statements (Refer note 1.3 (e) and Note 4A of the Consolidated Financial Statements)	
The Consolidated Financial Statements reflect goodwill on acquisition / consolidation of ₹ 242.86 crore Goodwill is tested annually for impairment.	Our audit procedures to the extent the goodwill is recognised in the Standalone Financial Statements of the Parent included as follows, We tested the design, implementation and operating effectiveness of controls over Goodwill impairment review, including those over forecast of future cash flows and the selection of the discount rate and long-term growth rate.
The Parent and the relevant subsidiaries have estimated the recoverable amount of the Cash Generating Unit (CGU) to which the goodwill is allocable based on Value in Use (ViU)	We evaluated management's ability to accurately forecast future cash-flows by comparing actual results to management's historical forecasts.
The determination of recoverable amount of goodwill based on value in use involves significant estimates and judgement in determining the assumptions such as Revenue growth, operating margins, and in determining the valuation assumptions relating to discount rates applied to estimated future cash flows and long term growth rate.	We evaluated the reasonableness of future forecast by comparing the forecast to historical financial performance, internal communication to management and Board of Directors.
These assumptions are sensitive to reasonable possible changes including economic uncertainties and therefore considered as a key audit matter.	With the assistance of fair value specialists, we evaluated the reasonableness of discount rate and long term growth rate.

Independent Auditor's Report (Contd.)

The Key Audit Matter	How was the matter addressed in our audit
The key assumptions applied in the impairment reviews are described in note 4A of the Consolidated Financial Statements.	We also assessed the sensitivity of the recoverable amount to the changes in the key assumptions used. To the extent, goodwill relates to the subsidiaries, component auditor has tested the ViU calculations / for compliance with generally accepted methodologies, evaluated reasonableness of management's estimates of key assumptions (discount rates, growth rates and operating margins) based on historical performance, their knowledge of the CGUs' operations and environment and general economic forecasts, and performed sensitivity analyses to assess the impact of reasonably possible changes in estimates on the recoverable amount of the CGUs. We reviewed the work performed by the component auditors and sought information and explanations from the component auditors, as considered, necessary.

Information Other than the Financial Statements and Auditor's Report Thereon

The Parent's Board of Directors is responsible for the other information. The other information comprises Board's Report and Business Responsibility report but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries and associates audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries and associates, is traced from their financial statements audited by the other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, Consolidated cash flows and consolidated changes in equity of the Group including its associates in accordance with Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the

provisions of the Act for safeguarding the assets of the Group and its associates for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Parent, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of the Group and of its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates are also responsible for overseeing the financial reporting process of the Group and of its associates.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities or business activities included in the Consolidated Financial Statements, which have

been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Parent and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements/consolidated financial information of 19 subsidiaries, whose financial statements/consolidated financial information reflect total assets of ₹ 3,965.22 crore as at 31st March, 2022, total revenues of ₹ 2,928.87 crore and net cash inflow amounting to ₹ 33.77 crore for the year ended on that date, as considered in the Consolidated Financial Statements. The Consolidated Financial Statements also include the Group's share of net profit of ₹ 31.57 crore for the year ended 31st March, 2022, as considered in the Consolidated Financial Statements, in respect of 3 associates, whose Consolidated Financial Statements have not been audited by us. These financial statements/Consolidated Financial Statements/consolidated financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these

Independent Auditor's Report (Contd.)

subsidiaries and associate, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associate is based solely on the reports of the other auditors.

Our opinion on the Consolidated Financial Statements above, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of other auditors on separate financial statements of subsidiary and associate companies incorporated in India, referred in the Other Matters paragraph above we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including other comprehensive income, the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
 - (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors of the Parent as on 31st March, 2022 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary companies and associate companies incorporated in India, none of the directors of the Group companies and its associate companies incorporated in India is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Parent, subsidiary companies and associate

companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associates.
 - ii. The Group and its associates did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. a) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- b) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the notes to accounts, no funds have been received by the Parent or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under h (iv) (a) and (b) above, contain any material mis-statement.
- v. The final dividend proposed in the previous year, declared and paid by the Parent/ Holding Company during the year is in accordance with section 123 of the Act, as applicable.
- The interim dividend declared and paid by the Parent during the year and until the date of this report is in accordance with section 123 of the Companies Act 2013.
- As stated in Note 31 to the Financial Statements, the Board of Directors of the Parent have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the Consolidated Financial Statements to which reporting under CARO is applicable, as provided to us by the Management of the Parent, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the Consolidated Financial Statements.

(Referred to in paragraph (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended 31st March, 2022, we have audited the internal financial controls over financial reporting of Asian Paints Limited (“the Company” or “the Parent”) and its subsidiary companies and its associate companies, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent, its subsidiary companies and its associate companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent, its subsidiary companies and its associate companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their

operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and associate companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent, its subsidiary companies, its associate companies, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of other auditors referred to in the Other Matters paragraph below, the Parent, its subsidiary companies and associate companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 4 subsidiary companies and 2 associate companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of the above matters.

Notes to the Consolidated Financial Statements

for the year ended 31st March, 2022

GROUP BACKGROUND

The Consolidated Financial Statements comprise Financial statements of Asian Paints Limited ('the Parent' or 'the Company') and its subsidiaries (collectively, the Group) and includes share of profit of the associates for the year ended 31st March, 2022.

The Parent is a public limited Company domiciled and incorporated in India under the Indian Companies Act, 1913. The registered office of the Parent is located at 6A, Shantinagar, Santacruz East, Mumbai, India.

The Group is engaged in the business of manufacturing, selling and distribution of paints, coatings, products related to home décor, bath fittings, modular kitchen & accessories and providing related services.

1. SIGNIFICANT ACCOUNTING POLICIES AND KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

Significant Accounting Policies:

1.1. Basis of preparation of Consolidated Financial Statements

These Financial Statements are the Consolidated Financial Statements of the Group prepared in accordance with Indian Accounting Standards ('Ind AS') notified under section 133 of the Companies Act 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

These Consolidated Financial Statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these Consolidated Financial Statements.

Pursuant to amendment to the Schedule III of the Companies Act, 2013 issued by the Ministry of Corporate Affairs; following Balance Sheet line items in the current and previous year have been reclassified:

- a. Security deposits - earlier disclosed under the head of 'Loans' are shown under 'Other financial liabilities'
- b. Current portion of long-term borrowings - earlier disclosed under the head of 'Other financial liabilities' is shown under 'borrowings'

Other new disclosures are given together with related notes.

1.2. Current / Non-Current Classification

Any asset or liability is classified as current if it satisfies any of the following conditions:

- i. the asset/liability is expected to be realized/ settled in the Group's normal operating cycle;
- ii. the asset is intended for sale or consumption;
- iii. the asset/liability is held primarily for the purpose of trading;
- iv. the asset/liability is expected to be realized/ settled within twelve months after the reporting period;
- v. the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- vi. in the case of a liability, the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Group has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

1.3. Summary of Significant accounting policies

a) Business combinations

Business combinations are accounted for using the acquisition method. At the acquisition date, identifiable assets acquired and liabilities assumed are measured at fair value. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. The consideration transferred is measured at fair value at acquisition date and includes the fair value of any contingent consideration. However, deferred tax asset or liability and any liability or asset relating to employee benefit arrangements arising from a business combination are measured and recognized in accordance with the requirements of Ind AS 12, Income Taxes and Ind AS 19, Employee Benefits, respectively.

Where the consideration transferred exceeds the fair value of the net identifiable assets acquired and liabilities assumed, the excess is recorded as goodwill. Alternatively, in case of a bargain purchase wherein the consideration transferred is lower than the fair value of the net identifiable assets acquired and liabilities assumed, the difference is recorded as a gain in Other Comprehensive Income and accumulated in equity as capital reserve. The costs of acquisition excluding those relating to issue of equity or debt securities are charged to the Statement of Profit and Loss in the period in which they are incurred.

In case of business combinations involving entities under common control, the above policy does not apply. Business combinations involving entities under common control are accounted for using the pooling of interests method. The net assets of the transferor entity or business are accounted at their carrying amounts on the date of the acquisition subject to necessary adjustments required to harmonise accounting policies. Any excess or shortfall of the consideration paid over the share capital of transferor entity or business is recognised as capital reserve under equity.

b) Goodwill

Goodwill is an asset representing the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognized. Goodwill is initially measured at cost, being the excess of the consideration transferred over the net identifiable assets acquired and liabilities assumed, measured in accordance with Ind AS 103, Business Combinations.

Goodwill is considered to have indefinite useful life and hence is not subject to amortization but tested for impairment at least annually. After initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a Business Combination, is from the acquisition date, allocated to each of the Group's cash generating units (CGUs) that are expected to benefit from the combination. A CGU is the smallest identifiable Group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or Group of assets. Each CGU or a combination of CGUs to which goodwill is so allocated represents the lowest level at which goodwill is monitored for internal management purpose and it is not larger than an operating segment of the Group.

A CGU to which goodwill is allocated is tested for impairment annually, and whenever there is an indication that the CGU may be impaired, by comparing the carrying amount of the CGU, including the goodwill, with the recoverable amount of the CGU. If the recoverable amount of the CGU exceeds the carrying amount of the CGU, the CGU and the goodwill allocated to that CGU is regarded as not impaired. If the carrying amount of the CGU exceeds the recoverable amount of the CGU, the Group recognizes an impairment loss by first reducing the carrying amount of any goodwill allocated to the CGU and then to other assets of the CGU pro-rata based on the carrying amount of each asset in the CGU.

Any impairment loss on goodwill is recognized in the Statement of Profit and Loss. An impairment loss recognized on goodwill is not reversed in subsequent periods.

On disposal of a CGU to which goodwill is allocated, the goodwill associated with the disposed CGU is included in the carrying amount of the CGU when determining the gain or loss on disposal.

c) Property, plant and equipment

Measurement at recognition:

An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses.

The Group identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met. Expenses directly attributable to new manufacturing facility during its construction period are capitalized if the recognition criteria are met. Expenses related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant heads of property, plant and equipment if the recognition criteria are met.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

The Group had elected to consider the carrying value of all its property, plant and equipment appearing in the Financial Statements prepared in accordance with Accounting Standards notified under the section 133 of the Companies Act 2013, read together with Rule 7 of the

Companies (Accounts) Rules, 2014 and used the same as deemed cost in the opening Ind AS Balance Sheet prepared on 1st April, 2015.

Capital Work-in-progress and Capital advances:

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital Work-in-progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Depreciation:

Depreciation on each item of property, plant and equipment is provided using the Straight-Line Method based on the useful lives of the assets as estimated by the management and is charged to the Consolidated Statement of Profit and Loss. The estimate of the useful life of the assets has been assessed based on technical advice which considers the nature of the asset, the usage of the asset, expected physical wear and tear, the operating conditions of the asset, anticipated technological changes, manufacturers warranties and maintenance support, etc. Significant components of assets identified separately pursuant to the requirements under Schedule II of the Companies Act, 2013 are depreciated separately over their useful life. Depreciation on tinting systems leased to dealers, is provided under Straight Line Method over the estimated useful life of nine years as per technical evaluation.

The estimated useful life of items of property, plant and equipment is mentioned below:

	Years
Factory Buildings	30 to 60
Buildings (other than factory buildings)	30 to 61
Plant and Equipment	4 to 21
Scientific research equipment	8
Furniture and Fixtures	5 to 10
Office Equipment and Vehicles	4 to 8
Tinting system	9

Freehold land is not depreciated. Leasehold improvements are amortized over the period of lease.

The Group, based on technical assessment made by technical expert and management estimate, depreciates Property, plant and equipment (other than building and factory building) over estimated useful lives which are different from the useful lives prescribed under Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The useful lives, residual values of each part of an item of property, plant and equipment and the depreciation methods are reviewed at

the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

Derecognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Consolidated Statement of Profit and Loss when the item is derecognized.

d) Intangible assets

Measurement at recognition:

Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Internally generated intangibles including research cost are not capitalized and the related expenditure is recognized in the Consolidated Statement of Profit and Loss in the period in which the expenditure is incurred. Following initial recognition, intangible assets with finite useful life are carried at cost less accumulated amortization and accumulated impairment loss, if any.

The Group had elected to consider the carrying value of all its intangible assets appearing in the Financial Statements prepared in accordance with Accounting Standards notified under the section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 and used the same as deemed cost in the opening Ind AS Balance Sheet prepared on 1st April, 2015.

Amortization:

Intangible Assets with finite lives are amortized on a Straight Line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss.

The estimated useful life of intangible assets is mentioned below:

	Years
Purchase cost, user license fees and consultancy fees for Computer Software (including those used for scientific research)	4
Acquired Trademark	5
Others include acquired dealers' network	20

The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

Derecognition:

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Consolidated Statement of Profit and Loss when the asset is derecognized.

e) Impairment

Assets that have an indefinite useful life, for example goodwill, are not subject to amortization and are tested for impairment annually and whenever there is an indication that the asset may be impaired.

Assets that are subject to depreciation and amortization and assets representing investments in associate are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount. The recoverable amount of an asset is the greater of its fair value less cost to sell and value in use. To calculate value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and the risk specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the CGU to which the asset belongs. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

Impairment losses, if any, are recognized in the Consolidated Statement of Profit and Loss and included in depreciation and amortization expenses. Impairment losses, on assets other than goodwill, are reversed in the Consolidated Statement of Profit and Loss only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognized.

f) Revenue

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Group is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Group as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

Sale of products:

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

Rendering of services:

Revenue from services is recognized over time by measuring progress towards satisfaction of performance obligation for the services rendered. The Group uses output method for measurement of revenue from décor services / painting and related services and royalty income as it is based on milestone reached or units delivered. Input method is used for measurement of revenue from processing and other service as it is directly linked to the expense incurred by the Group.

Advance from customers is recognized under other liabilities and released to revenue on satisfaction of performance obligation.

g) Government grants and subsidies

Recognition and Measurement:

The Parent is entitled to subsidies from government in respect of manufacturing units located in specified regions. Such subsidies are measured at amounts receivable from the government which are non-refundable and are recognized as income when there is a reasonable assurance that the Parent will comply with all necessary conditions attached to them. Income from subsidies is recognized on a systematic basis over the periods in which the related costs that are intended to be compensated by such subsidies are recognized.

The Parent has received refundable government loans at below-market rate of interest which are accounted in accordance with the recognition and measurement principles of Ind AS 109, Financial Instruments. The benefit of below-market rate of interest is measured as the difference between the initial carrying value of loan determined in accordance with Ind AS 109 and the proceeds received. It is recognized as income when there is a reasonable assurance that the parent will comply with all necessary conditions attached to the loans. Income from such benefit is recognized on a systematic basis over the period in which the related costs that are intended to be compensated by such grants are recognized.

Presentation:

Income from the above grants and subsidies are presented under Revenue from Operations.

h) Inventory

Raw materials, work-in-progress, finished goods, packing materials, stores, spares, components, consumables and stock-in-trade are carried at the lower of cost and net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by-item basis. Net realizable value is the estimated selling price in the ordinary course of business less estimated cost of completion and estimated costs necessary to make the sale.

In determining the cost of raw materials, packing materials, stock-in-trade, stores, spares, components and consumables, weighted average cost method is used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.

Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, an appropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of production facilities.

i) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement:

The Group recognizes a financial asset in its Balance Sheet when it becomes party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset.

Where the fair value of a financial asset at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognized as a gain or loss in the Consolidated Statement of Profit and Loss at initial recognition if the fair value is determined through a quoted market price in an active market for an identical asset (i.e. level 1 input) or through a valuation technique that uses data from observable markets (i.e. level 2 input).

In case the fair value is not determined using a level 1 or level 2 input as mentioned above, the difference between the fair value and transaction price is deferred appropriately and recognized as a gain or loss in the Consolidated Statement of Profit and Loss only to the extent that such gain or loss arises due to a change in factor that market participants take into account when pricing the financial asset.

However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement:

For subsequent measurement, the Group classifies a financial asset in accordance with the below criteria:

- i. The Group's business model for managing the financial asset and
- ii. The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Group classifies its financial assets into the following categories:

- i. Financial assets measured at amortized cost
- ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)
- iii. Financial assets measured at fair value through profit or loss (FVTPL)

i. Financial assets measured at amortized cost:

A financial asset is measured at the amortized cost if both the following conditions are met:

- a) The Group's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows, and

- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans and other financial assets of the Group (Refer note 30 for further details). Such financial assets are subsequently measured at amortized cost using the effective interest method.

Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest income over the relevant period of the financial asset. The same is included under other income in the Consolidated Statement of Profit and Loss.

The amortized cost of a financial asset is also adjusted for loss allowance, if any.

ii. Financial assets measured at FVTOCI:

A financial asset is measured at FVTOCI if both of the following conditions are met:

- a) The Group's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to certain investments in debt instruments (Refer note 30 for further details). Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Other Comprehensive Income (OCI). However, the Group recognizes interest income and impairment losses and its reversals in the Consolidated Statement of Profit and Loss.

On Derecognition of such financial assets, cumulative gain or loss previously recognized in OCI is reclassified from equity to Consolidated Statement of Profit and Loss.

Further, the Group, through an irrevocable election at initial recognition, has measured certain investments in equity instruments at FVTOCI (Refer note 30 for further details). The Group has made such election on an instrument by instrument basis. These equity instruments are neither held for trading nor are contingent consideration recognized under a business combination. Pursuant to such irrevocable election, subsequent changes in the fair value of such equity instruments are recognized in OCI. However, the Group recognizes dividend income from such instruments in the Consolidated Statement of Profit and Loss when the right to receive payment is established, it is probable that the economic benefits will flow to the Group and the amount can be measured reliably.

On Derecognition of such financial assets, cumulative gain or loss previously recognized in OCI is not reclassified from equity to Consolidated Statement of Profit and Loss. However, the Group may transfer such cumulative gain or loss into retained earnings within equity.

iii. Financial assets measured at FVTPL:

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above. This is a residual category applied to all other investments of the Group excluding investments in associate (Refer note 30 for further details). Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Consolidated Statement of Profit and Loss.

Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is derecognized (i.e. removed from the Group's Balance Sheet) when any of the following occurs:

- i. The contractual rights to cash flows from the financial asset expires;
- ii. The Group transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset;
- iii. The Group retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass-through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset);
- iv. The Group neither transfers nor retains, substantially all risk and rewards of ownership, and does not retain control over the financial asset.

In cases where Group has neither transferred nor retained substantially all of the risks and rewards of the financial asset, but retains control of the financial asset, the Group continues to recognize such financial asset to the extent of its continuing involvement in the financial asset. In that case, the Group also recognizes an associated liability. The financial asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

On Derecognition of a financial asset, (except as mentioned in (ii) above for financial assets measured at FVTOCI), the difference between the carrying amount and the consideration received is recognized in the Consolidated Statement of Profit and Loss.

Impairment of financial assets:

The Group applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- i. Trade receivables and lease receivables
- ii. Financial assets measured at amortized cost (other than trade receivables and lease receivables)
- iii. Financial assets measured at fair value through other comprehensive income (FVTOCI)

In case of trade receivables and lease receivables, the Group follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognised as loss allowance.

In case of other assets (listed as (ii) and (iii) above), the Group determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognised as loss allowance.

Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Group reverts to recognizing impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over

the expected life of a financial asset. 12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date.

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

As a practical expedient, the Group uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Consolidated Statement of Profit and Loss under the head 'Other expenses'.

Financial Liabilities

Initial recognition and measurement:

The Group recognizes a financial liability in its Balance Sheet when it becomes party to the contractual provisions of the instrument. All financial liabilities are recognized initially at fair value minus, in the case of financial liabilities not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial liability.

Where the fair value of a financial liability at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognized as a gain or loss in the Consolidated Statement of Profit and Loss at initial recognition if the fair value is determined through a quoted market price in an active market for an identical asset (i.e. level 1 input) or through a valuation technique that uses data from observable markets (i.e. level 2 input).

In case the fair value is not determined using a level 1 or level 2 input as mentioned above, the difference between the fair value and transaction price is deferred appropriately and recognized as a gain or loss in the Consolidated Statement of Profit and Loss only to the extent that such gain or loss arises due to a change in factor that market participants take into account when pricing the financial liability.

Subsequent measurement:

All financial liabilities of the Group are subsequently measured at amortized cost using the effective interest method (Refer note 30 for further details).

Under the effective interest method, the future cash payments are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial liability over the relevant period of the financial liability to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest expense over the relevant period of the financial liability. The same is included under finance cost in the Consolidated Statement of Profit and Loss.

Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Consolidated Statement of Profit and Loss.

j) Derivative financial instruments and hedge accounting

The Group enters into derivative financial contracts in the nature of forward currency contracts with external parties to hedge its foreign currency risks relating to foreign currency denominated financial liabilities measured at amortized cost. The Group formally establishes a hedge relationship between such forward currency contracts ('hedging instrument') and recognized financial liabilities ('hedged item') through a formal documentation at the inception of the hedge relationship in line with the Group's risk management objective and strategy.

The hedge relationship so designated is accounted for in accordance with the accounting principles prescribed for a fair value hedge under Ind AS 109, Financial Instruments.

Recognition and measurement of fair value hedge:

Hedging instrument is initially recognized at fair value on the date on which a derivative contract is entered into and is subsequently measured at fair value at each reporting date. Gain or loss arising from changes in the fair value of hedging instrument is recognized in

the Consolidated Statement of Profit and Loss. Hedging instrument is recognized as a financial asset in the Balance Sheet if its fair value as at reporting date is positive as compared to carrying value and as a financial liability if its fair value as at reporting date is negative as compared to carrying value.

Hedged item (recognized financial liability) is initially recognized at fair value on the date of entering into contractual obligation and is subsequently measured at amortized cost. The hedging gain or loss on the hedged item is adjusted to the carrying value of the hedged item as per the effective interest method and the corresponding effect is recognized in the Consolidated Statement of Profit and Loss.

Derecognition:

On Derecognition of the hedged item, the unamortized fair value of the hedging instrument is recognized in the Consolidated Statement of Profit and Loss.

k) Fair Value

The Group measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated Financial Statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 — inputs that are unobservable for the asset or liability.

For assets and liabilities that are recognized in the Consolidated Financial Statements at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

l) Foreign Currency Translation

Initial Recognition:

On initial recognition, transactions in foreign currencies entered into by the Group are recorded in the functional currency (i.e. Indian Rupees), by applying to the foreign currency amount, the spot exchange rate between the functional currency and the foreign currency at the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Consolidated Statement of Profit and Loss.

Measurement of foreign currency items at reporting date:

Foreign currency monetary items of the Group are translated at the closing exchange rates. Non-monetary items that are measured at historical cost in a foreign currency, are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency, are translated using the exchange rates at the date when the fair value is measured.

Exchange differences arising out of these translations are recognized in the Consolidated Statement of Profit and Loss.

Translation of Financial Statements of foreign entities:

On consolidation, the assets and liabilities of foreign operations are translated into ₹ (Indian Rupees) at the exchange rate prevailing at the reporting date and their Statements of Profit and Loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the Group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in Consolidated Statement of OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is reclassified to Consolidated Statement of Profit and Loss.

Any goodwill arising in the acquisition/ business combination of a foreign operation on or after adoption of Ind AS 103, Business Combination, and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date.

Any goodwill or fair value adjustments arising in business combinations/ acquisitions, which occurred before the date of adoption of Ind AS 103, Business Combination, are treated as assets and liabilities of the entity rather than as assets and liabilities of the foreign operation. Therefore, those assets and liabilities are non-monetary items already expressed in the functional currency of the parent and no further translation differences occur.

m) Income Taxes

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current tax:

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Consolidated Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws.

Current tax is measured using tax rates that have been enacted by the end of reporting period for the amounts expected to be recovered from or paid to the taxation authorities.

Deferred tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Consolidated Financial Statements and the corresponding tax bases used in the computation of taxable profit under Income tax Act, 1961.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than Business Combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all of such deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The deferred tax assets (net) and deferred tax liabilities (net) are determined separately for the Parent and each Subsidiary Company, as per their applicable laws and then aggregated.

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent that it is probable that the respective Group Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent that it is no longer probable that the respective Group Company will pay normal income tax during the specified period.

Presentation of current and deferred tax:

Current and deferred tax are recognized as income or an expense in the Consolidated Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Group has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Group.

n) Provisions and Contingencies

The Group recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

o) Measurement of EBITDA

The Group has opted to present earnings before interest (finance cost), tax, depreciation and amortization (EBITDA) as a separate line item on the face of the Consolidated Statement of Profit and Loss for the period. The Group measures EBITDA on the basis of profit/(loss) from continuing operations.

p) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less and other short term highly liquid investments net of bank overdrafts which are repayable on demand as these form an integral part of the Group's cash management.

q) Employee Benefits

Short Term Employee Benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Group recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

Post-Employment Benefits:

I. Defined contribution plans:

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into state managed retirement benefit schemes and will have no legal or constructive obligation to pay further contributions, if any, if the state managed funds do not hold sufficient

assets to pay all employee benefits relating to employee services in the current and preceding financial years. The Group's contributions to defined contribution plans are recognised in the Consolidated Statement of Profit and Loss in the financial year to which they relate. The Parent Company and its Indian subsidiaries operate defined contribution plans pertaining to Employee State Insurance Scheme and Government administered Pension Fund Scheme for all applicable employees and the Parent Company operates a Superannuation scheme for eligible employees. A few Indian subsidiaries also operate Defined Contribution Plans pertaining to Provident Fund Scheme.

Recognition and measurement of defined contribution plans:

The Group recognizes contribution payable to a defined contribution plan as an expense in the Consolidated Statement of Profit and Loss when the employees render services to the Group during the reporting period. If the contributions payable for services received from employees before the reporting date exceeds the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

II. Defined benefit plans:

i) Provident fund scheme:

The Parent Company operates a provident fund scheme by paying contribution into separate entities' funds administrated by the Parent Company. The minimum interest payable by the trust to the beneficiaries is being notified by the Government every year. These entities have an obligation to make good the shortfall, if any, between the return on investments of the trust and the notified interest rate.

ii) Gratuity scheme:

The Parent Company, its Indian subsidiaries and some of its foreign subsidiaries operate a gratuity scheme for employees. The contribution is paid to a separate entity (a fund) or to a financial institution, towards meeting the Gratuity obligations.

iii) Pension and Leaving Indemnity Scheme:

The Parent Company and some of its foreign subsidiaries operate a pension and leaving indemnity plan for certain specified employees and is payable upon the employee satisfying certain conditions as approved by the Board of Directors.

iv) Post-Retirement Medical benefit plan:

The Parent Company and some of its foreign subsidiaries operate a post-retirement medical benefit plan for certain specified employees and is payable upon the employee satisfying certain conditions.

Recognition and measurement of defined benefit plans:

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan.

All expenses represented by current service cost, past service cost if any and net interest on the defined benefit liability/(asset) are recognized in the Consolidated Statement of Profit and Loss. Remeasurement of the net defined benefit liability/(asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability/(asset)), are recognized in Other Comprehensive Income. Such remeasurements are not reclassified to the Consolidated Statement of Profit and Loss in the subsequent periods.

The Group presents the above liability/(asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary; however, the entire liability towards gratuity is considered as current as the Group will contribute this amount to the gratuity fund within the next twelve months.

Other Long Term Employee Benefits:

Entitlements to deferred incentives, annual leave and sick leave are recognized when

they accrue to employees. Sick leave can only be availed while annual leave can either be availed or encashed subject to a restriction on the maximum number of accumulation of leave. The Group determines the liability for such benefits using the Projected Accrued Benefit method with actuarial valuations being carried out at each Balance Sheet date. Expenses related to other long term employee benefits are recognized in the Statement of Profit and Loss (including actuarial gain and loss).

r) Employee Share based Payments:

The Parent Company operates equity settled share-based plan for the employees (Referred to as employee stock option plan (ESOP)). ESOP granted to the employees are measured at fair value of the stock options at the grant date using Black-Scholes model. Such fair value of the equity settled share based payments are amortized on a straight line basis over the vesting period, based on the Parent Company's estimate of equity shares that will eventually vest, with a corresponding increase in equity (employee stock option reserve). At the end of each reporting period, the Parent Company revises its estimate of number of equity shares expected to vest. The impact of the revision of the original estimates, if any, is recognized in the Statement of Profit and Loss such that cumulative expense reflects the revision estimate, with a corresponding adjustments to the employee stock option reserve.

The Parent Company recovers the expenses incurred on behalf of its subsidiary for the stock options granted to the employees of the subsidiaries. The said recovery is netted off from the Employee benefits expense.

s) Treasury shares:

The Parent Company has created an ESOP Trust (Asian Paints Employees Stock Ownership Trust) which acts as a vehicle to execute its ESOP plan. The ESOP trust is considered as an extension of the Parent Company and the shares held by it is treated by Treasury shares. The ESOP Trust purchases Parent Company's share from secondary market for issuance to the employees on exercise the granted stock options. These shares are recognized at cost and is disclosed as separately as deduction from Other Equity as treasury shares. No gain or loss is recognized in the Statement of Profit and Loss on purchase, sale, issuance, or cancellation of treasury shares. Any consideration paid or received is directly recognized in treasury shares in Other Equity.

t) Lease accounting

Assets taken on lease:

The Group mainly has various lease arrangements for land and building for its offices, warehouse spaces and retail stores. In addition it has vehicle and other lease agreements.

The Group assesses whether a contract is or contains a lease, at inception of a contract. The assessment involves the exercise of judgement about whether (i) the contract involves the use of an identified asset, (ii) the Group has substantially all of the economic benefits from the use of the asset through the period of the lease, and (iii) the Group has the right to direct the use of the asset.

The Group recognises a right-of-use asset ("ROU") and a corresponding lease liability at the lease commencement date. The ROU asset is initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

The ROU asset is depreciated using the straight-line method from the commencement date to the earlier of, the end of the useful life of the ROU asset or the end of the lease term. If a lease transfers ownership of the underlying asset or the cost of the ROU asset reflects that the Group expects to exercise a purchase option, the related ROU asset is depreciated over the useful life of the underlying asset. The estimated useful lives of ROU assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group uses an incremental borrowing rate specific to the country, term and currency of the contract. Generally, the Group uses the incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability include fixed payments, variable lease payments that depend on an index or a rate known at the commencement date; and extension option payments or purchase options payments which the Group is reasonably certain to exercise.

Variable lease payments that do not depend on an index or rate are not included in the measurement the lease liability and the ROU asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments occurs and are included in the line "other expenses" in the Statement of Profit or Loss.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made and remeasured (with a corresponding adjustment to the related ROU asset) when there is a change in future lease payments in case of renegotiation, changes of an index or rate or in case of reassessment of options.

Short-term leases and leases of low-value assets

The Group has elected not to recognize ROU assets and lease liabilities for short term leases as well as low value assets and recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Assets given on lease:

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

In respect of assets provided on finance leases, amounts due from lessees are recorded as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting periods to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases. In respect of assets given on operating lease, lease rentals are accounted in the Statement of Profit and Loss, on accrual basis in accordance with the respective lease agreements.

u) Research and Development

Expenditure on research is recognized as an expense when it is incurred. Expenditure on development which does not meet the criteria for recognition as an intangible asset is recognized as an expense when it is incurred.

Items of property, plant and equipment and acquired intangible assets utilized for research and development are capitalized and depreciated in accordance with the policies stated for Property, plant and equipment and Intangible Assets.

v) Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized, if any. All other borrowing costs are expensed in the period in which they occur.

w) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Parent Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Group.

x) Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the Consolidated Financial Statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

y) Non-current Assets held for sale

The Group classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortized.

z) Investment in associate

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

The Group's investments in its associate is accounted for using the equity method. Under the equity method, the investment in an associate is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate since the acquisition date. Goodwill relating to the associate is included in the carrying amount of the investment and is not tested for impairment individually.

The Statement of Profit and Loss reflects the Group's share of the results of operations of the associate. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate, the Group recognises its share of any changes, when applicable, in the Statement of Changes in Equity. Unrealised gains and losses resulting from transactions between the Group and the associate are eliminated to the extent of the interest in the associate.

If Group's share of losses of an associate exceeds its interest in that associate (which includes any long term interest that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate. If the associate subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognized.

The Financial Statements of the associate are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value, and then recognises the loss as 'Share of profit of an associate' in the Consolidated Statement of Profit and Loss.

Upon loss of significant influence over the associate, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in Profit and Loss.

aa) Basis of Consolidation

The Consolidated Financial Statements comprise the Financial Statements of the Parent Company ('the Company') and its subsidiaries. Control is achieved when the Company has:

- Power over the investee,
- Is exposed or has rights to variable returns from its involvement with the investee, and
- Has the ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Company has less than a majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee,
- Rights arising from other contractual arrangements,
- The Company's voting rights and potential voting rights,
- The size of the Company's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Financial Statements from the date the Company gains control until the date the Company ceases to control the subsidiary.

Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the Consolidated Financial Statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's Financial Statements in preparing the Consolidated Financial Statements to ensure conformity with the Group's accounting policies.

The Financial Statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Parent Company, i.e., year ended on 31st March. When the end of the reporting period of the Parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the Financial Statements of the Parent to enable the Parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation procedure:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the Parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the Consolidated Financial Statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the Parent's investment in each subsidiary and the Parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the Consolidated Financial Statements. Ind AS 12, Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of Other Comprehensive Income (OCI) are attributed to the owners of the Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the Financial Statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

bb) Earnings Per Share (EPS)

Basic earnings per share is calculated by dividing the net profit attributable to the equity shareholders of the Company with the weighted average number of equity shares outstanding during the financial year, adjusted for treasury shares.

Diluted Earnings per share is calculated by dividing net profit attributable to the equity shareholders of the Company with the weighted average number of shares outstanding during the financial year, adjusted for the effects of all dilutive potential equity shares.

cc) Exceptional items:

An ordinary item of income or expense which by its size, nature, occurrence or incidence requires a disclosure in order to improve understanding of the performance of the Group is treated as an exceptional item in the Statement of Profit and Loss account.

1.4. Key accounting estimates and judgements

The preparation of the Group's Consolidated Financial Statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities effected in future periods.

Critical accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

a. Income taxes

Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. Also Refer note 21.

b. Business combinations and intangible assets

Business combinations are accounted for using Ind AS 103, Business Combinations. Ind AS 103 requires the identifiable intangible assets and contingent consideration to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Significant estimates

are required to be made in determining the value of contingent consideration and intangible assets. These valuations are conducted by independent valuation experts.

c. Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

d. Impairment of Goodwill and Other Intangible Assets with Indefinite Life

Goodwill and other intangible assets with indefinite life are tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit is less than its carrying amount based on a number of factors including operating results, business plans, future cash flows and economic conditions. The recoverable amount of cash generating units is determined based on higher of value-in-use and fair value less cost to sell. The goodwill impairment test is performed at the level of the cash-generating unit or Groups of cash-generating units which are benefiting from the synergies of the acquisition and which represents the lowest level at which goodwill is monitored for internal management purposes.

Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long term growth rates, weighted average cost of capital and estimated operating margins. Cash flow projections take into account past experience and represent management's best estimate about future developments.

e. Defined Benefit Obligation

The costs of providing pensions and other post-employment benefits are charged to the Consolidated Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 32, 'Employee benefits'.

f. Share-based payment transactions

The fair value of employee stock options is measured using the Black-Scholes model. Measurement inputs include share price on grant date, exercise price of the instrument, expected volatility (based on weighted average historical volatility), expected life of the instrument (based on expected exercise behaviour), expected dividends, and the risk free interest rate (based on government bonds). The details of variables used are given in note 32(3).

g. Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

h. Right of use assets and lease liability

The Group has exercised judgement in determining the lease term as the non-cancellable term of the lease, together with the impact of options to extend or terminate the lease if it is reasonably certain to be exercised.

Where the rate implicit in the lease is not readily available, an incremental borrowing rate is applied. This incremental borrowing rate reflects the rate of interest that the lessee would have to pay to borrow over a similar term, with a similar security, the funds necessary to obtain an asset of a similar nature and value to the ROU asset in a similar economic environment. Determination of the incremental borrowing rate requires estimation.

The amount of contractual commitments for the acquisition of intangible assets is disclosed in Note 37 (b).

“1-Brand” include Brands acquired pursuant to acquisition of subsidiaries. These have indefinite useful life as the registration of these brands can be renewed indefinitely and management assessed that they will continue to generate future cash flows for the Group indefinitely. Accordingly, the same is not amortised.

NOTE 4A : GOODWILL (Contd.)

2. Goodwill acquired in business combination is allocated, at acquisition, to the cash generating units (CGUs) that are expected to benefit from that business combination. The carrying amount of goodwill has been allocated as follows:

	As at 31.03.2022	As at 31.03.2021
(₹ in Crores)		
Goodwill on Consolidation		
Berger Paints Emirates LLC	2.82	2.75
Kadisco Paint and Adhesive Industry S.C.	28.59	35.00
Asian Paints (Vanuatu) Limited	0.97	0.94
Asian Paints (South Pacific) Pte Limited	1.97	1.91
SCIB Chemicals, S.A.E.	12.67	12.29
Causeway Paints Lanka (Pvt) Ltd (Refer note 40C)	72.73	126.63
Asian Paints International Private Limited	75.83	75.83
Goodwill acquired separately		
Asian Paints Limited (Bath Fittings Business)	35.36	35.36
Sleek International Private Limited	11.92	11.92
Total	242.86	302.63

The Group made an assessment of recoverable amount of the CGUs based on value-in-use calculations which uses cash flow projections based on financial budgets approved by management covering a five year period (Previous year: five year period), as the Group believes this is to be the most appropriate timescale for reviewing and considering annual performance before applying a fixed terminal value multiple to the final cash flows.

Key Assumptions used for value in use calculations:

	As at 31.03.2022	As at 31.03.2021
Projected revenue growth rate for five-year period (Previous year - five year)	0% to 56%	3% to 51%
Growth rate used for extrapolation of cash flow projections beyond the five-year period (Previous year - five year)	2% to 10%	2% to 5%
Discount rate	8% to 29%	8% to 23%

The Group has recognised an impairment loss of ₹ 13.47 crores during the current year (reported under Paints Segment) in respect of Goodwill on consolidation recognized on acquisition of Causeway Paints Lanka (Pvt) Ltd taking into account the business performance, prevailing business conditions and revised expectations of the future considering ongoing economic crisis in Sri Lanka. The recoverable amount of the CGU is ₹ 262.27 crores, determined based on its value in use considering a discount rate of 20.3%. The same has been disclosed as an exceptional item in Note 39.

As at 31st March, 2022, changes to each of the key assumptions will lead to additional impairment as follows:

	Current assumption	Change in assumption	Additional impairment (₹ in Crores)
Discount rate	20.3%	3% increase	65.99
Revenue Growth rate	20% to 48%	5% decrease	27.39

For other CGUs, management believes that any reasonable possible change in any of these assumptions would not cause the carrying amount to exceed its recoverable amount.

Discount rates- Management estimates discount rates using pre-tax rates that reflect current market assessment of the risks specific to the CGU, taking into consideration the time value of money and individual risks of the underlying assets that have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of the CGU and its operating segments and is derived from its weighted average cost of capital (WACC).

Growth rates - The growth rates are based on industry growth forecasts. Management determines the budgeted growth rates based on past performance and its expectations on demand condition. The weighted average growth rates used are consistent with industry reports.

Notes to the Consolidated Financial Statements (Contd.)

Balance at the end of the reporting year	95,91,97,790	95.92	95,91,97,790	95.92

b) Terms/rights attached to equity shares

The Company has only one class of shares referred to as equity shares having a par value of ₹ 1 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian Rupees. Payment of dividend is also made in foreign currency to shareholders outside India. The final dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

c) Details of Shareholders holding more than 5% equity shares in the Company®

Name of the Shareholders	As at 31.03.2022		As at 31.03.2021	
	No. of Equity Shares	Percentage holding	No. of Equity Shares	Percentage holding
Fully paid Equity Shares of ₹ 1 each held by:				
1. Smiti Holding and Trading Company Private Limited	5,53,39,068	5.77	5,53,39,068	5.77
2. Satva Holding and Trading Private Limited	5,47,89,183	5.71	5,63,88,682	5.88

® As per the records of the Company, including its register of members.

As per the Companies Act 2013, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts in the event of liquidation of the Company. However no such preferential amounts exist currently. The distribution will be in proportion to the number of equity shares held by the shareholders.

The Board of Directors, at their meetings held on 21st October, 2021, declared an interim dividend of ₹ 3.65 (Rupees three and paise sixty-five only) per equity share of the face value of ₹ 1 each. The Board of Directors at its meeting held on 10th May, 2022 have recommended a payment of final dividend of ₹ 15.50 (Rupees Fifteen and paise fifty only) per equity share of the face value of ₹ 1 each for the financial year ended 31st March, 2022. If approved, the total dividend (interim and final dividend) for the financial year 2021-22 will be ₹ 19.15 (Rupees Nineteen and paise fifteen only) per equity share of the face value of ₹ 1 each (₹ 17.85 per equity share of the face value of ₹ 1 each was paid as total dividend for the previous year).

NOTE 13 : EQUITY SHARE CAPITAL (CONTD.)**d) Shares held by promoters as defined in the Companies Act, 2013 at the end of the year.**

Refer note 12 (d) of Standalone Financial Statements for disclosure on shares held by promoters of the Parent Company.

e) Reconciliation of Treasury shares outstanding at the beginning and at the end of the year

Treasury Shares	As at 31.03.2022		As at 31.03.2021	
	No. of Shares	₹ in Crores	No. of Shares	₹ in Crores
At the beginning of the year	-	-	-	-
Add: Purchased during the year	2,23,240	75.00	-	-

1. Description of nature and purpose of each reserve

Capital Reserve -

- Capital reserve of ₹ 5000/- was created on merger of 'Pentasia Chemicals Ltd' with the Parent Company, pursuant to scheme of Rehabilitation-cum-Merger sanctioned by Board of Industrial and Financial Reconstruction in the financial year 1995-96.
- Capital reserve of ₹ 41.47 crores represents ₹ 44.38 crores created on amalgamation of Asian Paints (International) Limited, Mauritius, wholly owned subsidiary of the Parent Company, with the Parent Company as per the order passed by the National Company Law Tribunal and ₹ 2.91 crores debited on account of acquisition of business from Whitford India Private Limited by PPG Asian Paints Private Limited ('PPGAP'), Associate Company.

Capital Reserve on Consolidation - During the year 2012-13, a Composite Scheme of Restructuring ('Scheme') as approved by Hon'ble High Court of Bombay was effected to transfer certain businesses between the Parent Company, PPG Asian Paints Pvt. Ltd. and Asian Paints PPG Pvt. Ltd. The Capital Reserve on Consolidation represents the additional net assets received by the Parent pursuant to the Scheme.

Capital Redemption Reserve - This reserve was created for redemption of preference shares by the Group prior to 2003.

Remeasurement of the defined benefit plans - This represents the cumulative gains and losses arising on the remeasurement of defined benefit plans in accordance with Ind AS 19 that have been recognized in other comprehensive income.

Share based Payment Reserve - This represents the fair value of the stock options granted by the Parent Company under the 2021 Plan accumulated over the vesting period. The reserve will be utilized on exercise of the options

NOTE 14: OTHER EQUITY (CONTD.)

Treasury Shares - This represents cost incurred by the Parent Company to purchase its own equity shares from secondary market through the Parent Company's ESOP trust for issuing the shares to the eligible employees on exercise of stock options granted under the 2021 Plan.

Trust Reserve - This represents net income of ESOP Trust.

General Reserve - General reserve is created from time to time by way of transfer of profits from retained earnings for appropriation purposes. General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income.

Debt instruments through other comprehensive income - This represents the cumulative gains and losses arising on the revaluation of debt instruments measured at fair value through other comprehensive income that have been recognized in other comprehensive income, net of amounts reclassified to profit or loss when such assets are disposed off and for impairment losses on such instruments.

Equity instruments through other comprehensive income - This represents the cumulative gains and losses arising on the revaluation of equity instruments measured at fair value through other comprehensive income, under an irrevocable option, net of amounts reclassified to retained earnings when such assets are disposed off.

Foreign currency translation reserve - Exchange differences relating to the translation of the results and net assets of the Group's foreign operations from their functional currencies to the Group's presentation currency (i.e. ₹) are recognised directly in the other comprehensive income and accumulated in foreign currency translation reserve. Exchange difference previously accumulated in the foreign currency translation reserve are reclassified to profit or loss on the disposal of the foreign operation.

Statutory reserve - Certain subsidiaries of the Group are required to set aside a minimum amount of specified percentage of profits annually before distribution of dividends, in accordance with the local regulations. No further transfer is required when the reserve reaches certain percentage of the issued capital of the subsidiary. The statutory reserve may only be distributed to shareholders upon liquidation of the subsidiary or in the circumstances stipulated in the regulations

Other reserve - Other reserve represents non-controlling interest reserve created on acquisition of additional stake of 49% from non-controlling shareholder of Sleek International Private Limited and increase in stake of 1.71% effected through buyback done by Asian Paints (Nepal) Private Limited.

Share of other reserves in Associate - This reserve is created during the year to recognize restricted stock units (RSUs) granted in PPG Asian Paints Private Limited ("PPGAP"), associate entity of the Group.

- The Group doesn't have any material subsidiary warranting a disclosure in respect of individual subsidiaries.

Notes:

⁺ Secured against stock, receivables and immovable property held by one of the subsidiary Company. To be repaid over 24 months with a capital grace period of 6 months. [Interest rate : 4% p.a. (Previous year : 4%)]

[#] The Parent Company is eligible to avail interest free loan in respect of 50% of VAT paid within Haryana on the sale of goods produced at Rohtak plant for a period of 7 financial years beginning from April 2010. The Parent Company has received total interest free loan of ₹ 37.02 crores (Previous year : ₹ 37.02 crore) for the period from April 2010 to March 2015. Loan received post transition to Ind AS (w.e.f. 01.04.2015) are recognised at fair value using prevailing market interest rate for equivalent loan. The difference between the gross proceeds and fair value of the loan is the benefit derived from the interest free loan and is recognised as deferred income (Refer note 19).

This loan is secured by way of a bank guarantee issued by the Parent Company and is repayable after a period of 5 years from the date of receipt of interest free loan. For the year ended 31st March, 2016 and 31st March, 2017, the Company had made the necessary application to the Haryana Government for the issue of eligibility certificate. As on 31st March, 2022, the Company has repaid loan of ₹ 17.20 crores (Previous year : ₹ 9.31 crores).

*** Secured against Fixed deposits, receivables, inventories, property, plant and equipment of certain subsidiary companies carrying interest rate @ 5.3% - 7.4% p.a. (Previous year : 5% - 6% p.a.)

**** Unsecured term loan with respect to International subsidiaries bearing interest at rates ranging from 0.70% - 4.00% p.a. (Previous year : 0.50% - 2.00% p.a.)

@ Unsecured working capital demand loan with respect to an Indian subsidiary carries interest as per treasury bill plus variable basis points as per mutual contractual agreement having expiry of 1 month to 6 months from date of disbursement.

***** Unsecured Cash Credit/Overdraft facility with banks carrying interest rates 4.65% - 8.00% p.a.(Previous year : 5.20% - 6.90% p.a)

[^] Default in terms of repayment of principal and interest - NIL

Upon application of Ind AS 109 - Financial Instruments, the Group has chosen to measure these investments in equity instruments at FVTOCI irrevocably as the management believes that presenting fair value gains or losses relating to these investments in the Consolidated Statement of Profit and Loss may not be indicative of the performance of the Group.

* ₹ 39,500/-

NOTE 30 (B) : FAIR VALUE MEASUREMENTS

(i) The following table provides the fair value measurement hierarchy of the Company's financial assets and liabilities :

As at 31st March, 2022

(₹ in Crores)

Financial assets/ Financial liabilities	Fair value As at 31.03.2022	Fair value hierarchy		
		Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Financial assets measured at fair value through Other Comprehensive Income				
Investments in quoted equity shares (Refer note 5(A)(a))	496.13	496.13	-	-
Investments in quoted debentures or bonds (Refer note 5(C)(a))	78.80	78.80	-	-
Financial assets measured at fair value through profit or loss				
Investments in quoted mutual funds (Refer note 5(D))	2,155.03	2,155.03	-	-
Investments in unquoted equity shares (Refer note 5(A)(b)(ii))	1.07	-	-	1.07
Financial assets measured at fair value through profit or loss				
Forward exchange contract (net) (Refer note 7 and 17)	0.97	0.97	-	-

As at 31st March, 2021

(₹ in Crores)

Financial assets/ Financial liabilities	Fair value As at 31.03.2021	Fair value hierarchy		
		Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Financial assets measured at fair value through Other Comprehensive Income				
Investments in quoted equity shares (Refer note 5(A)(a))	578.42	578.42	-	-
Investments in quoted debentures or bonds (Refer note 5(C)(a))	109.68	109.68	-	-

NOTE 30 (B) : FAIR VALUE MEASUREMENTS (CONTD.)**As at 31st March, 2021 (Contd.)**

Financial assets/ Financial liabilities	Fair value	Fair value hierarchy		
	As at 31.03.2021	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Financial assets measured at fair value through profit or loss				
Investments in quoted mutual funds (Refer note 5(D))	3,521.28	3,521.28	-	-
Investments in unquoted equity shares (Refer note 5(A)(b)(ii))	1.07	-	-	1.07
Financial liabilities measured at fair value through profit or loss				
Forward exchange contract (net) (Refer note 7 and 17)	0.88	0.88	-	-

(₹ in Crores)

(ii) Financial Instrument measured at Amortised Cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Group does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

NOTE 30 (C) : FINANCIAL RISK MANAGEMENT - OBJECTIVES AND POLICIES

The Group's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, trade receivables and other receivables and financial liabilities comprise mainly of borrowings, trade payables and other payables.

The Group is exposed to Market risk, Credit risk and Liquidity risk. The Board of Directors ('Board') of the Parent Company oversee the management of these financial risks through its Risk Management Committee. The Risk Management Policy of the Group formulated by the Risk Management Committee of the Parent Company and approved by the Board, states the Group's approach to address uncertainties in its endeavour to achieve its stated and implicit objectives. It prescribes the roles and responsibilities of the Group's management, the structure for managing risks and the framework for risk management. The framework seeks to identify, assess and mitigate financial risks in order to minimize potential adverse effects on the Group's financial performance. The Board has been monitoring the risks that the Group is exposed to due to outbreak of Covid-19. The Board has taken all necessary actions to mitigate the risks identified basis the information and situation present.

The following disclosures summarize the Group's exposure to financial risks and information regarding use of derivatives employed to manage exposures to such risks. Quantitative sensitivity analysis has been provided to reflect the impact of reasonably possible changes in market rates on the financial results, cash flows and financial position of the Group.

1) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk include borrowings, investments, trade payables, trade receivables and derivative financial instruments.

a) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is exposed to interest rate risk through the impact of rate changes on interest-bearing liabilities and assets. The Group manages its interest rate risk by monitoring the movements in the market interest rates closely.

The sensitivity analysis below have been determined based on the exposure to interest rates for financial instruments at the end of the reporting year and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period in the case of instruments that have floating rates. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher or lower and all other variables were held constant, the Group's profit before tax for the year ended 31st March, 2022 would decrease/increase by ₹ 2.81 crores (Previous year: ₹ 1.70 crores).

NOTE 30 (C) : FINANCIAL RISK MANAGEMENT - OBJECTIVES AND POLICIES (CONTD.)

1) Market Risk (Contd.)

b) Foreign Currency Risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The Group enters into forward exchange contracts with average maturity of less than one month to hedge against its foreign currency exposures relating to the recognised underlying liabilities and firm commitments (trade payables). The Group's policy is to hedge its exposures above predefined thresholds from recognised liabilities and firm commitments that fall due in 20-30 days. The Group does not enter into any derivative instruments for trading or speculative purposes.

The carrying amounts of the Group's foreign currency denominated monetary items are as follows:

Currency	Liabilities		Assets	
	As at	As at	As at	As at
	31.03.2022	31.03.2021	31.03.2022	31.03.2021
USD	1,327.61	867.75	258.83	226.57
EUR	130.18	83.50	13.82	4.73
SGD	-	5.03	0.11	0.07
GBP	7.07	0.04	0.06	-
SEK	0.05	0.40	-	0.11
JPY	0.46	0.49	-	-
AED	16.64	23.41	70.85	70.59
Others	1.59	2.50	1.50	19.84
Total	1,483.60	983.12	345.17	321.91

The above table represents total exposure of the Group towards foreign exchange denominated liabilities (net).

Out of the above, details of exposures hedged using forward exchange contracts are given below:

Currency	Number of Contracts	Buy Amount (USD in mn.)	Indian Rupee Equivalent (₹ in Crores)
Forward contract to buy USD - As at 31.03.2022	24.00	18.85	144.05
Forward contract to buy USD - As at 31.03.2021	37.00	29.44	215.24

The Group is mainly exposed to changes in USD. The below table demonstrates the sensitivity to a 5% increase or decrease in the USD against INR, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Group as at the reporting date. 5% represents management's assessment of reasonably possible change in foreign exchange rate.

Change in USD Rate	Effect on profit after tax		Effect on total equity	
	Year	Year	Year	Year
	2021-22	2020-21	2021-22	2020-21
+5%	(38.57)	(17.48)	(38.57)	(17.48)
-5%	38.57	17.48	38.57	17.48

c) Other Price Risk

Other price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. Other price risk arises from financial assets such as investments in equity instruments and bonds. The Parent Company is exposed to price risk arising mainly from investments in equity instruments recognised at FVTOCI. As at 31st March, 2022, the carrying value of such equity instruments recognised at FVTOCI amounts to ₹ 496.13 crores (Previous year: ₹ 578.42 crores). The details of such investments in equity instruments are given in Note 5(A)(a).

The Parent Company is also exposed to price risk arising from investments in bonds and debentures recognised at FVTOCI. As at 31st March, 2022, the carrying value of such instruments recognised at FVTOCI amounts to ₹ 78.80 crores (Previous year: ₹ 109.68 crores). These being debt instruments, the exposure to risk of changes in market rates is minimal. The details of such investments in bonds and debentures are given in Note 5(C)(a).

The Parent Company is mainly exposed to change in market rates of its investments in equity investments recognised at FVTOCI. A sensitivity analysis demonstrating the impact of change in market prices of these instruments from the prices existing as at the reporting date is given below:

NOTE 30 (C) : FINANCIAL RISK MANAGEMENT - OBJECTIVES AND POLICIES (CONTD.)**1) Market Risk (Contd.)****c) Other Price Risk (Contd.)**

If the equity prices had been higher/lower by 10% from the market prices existing as at 31st March, 2022, Other Comprehensive Income for the year ended 31st March, 2022 would increase by ₹ 43.85 crores (Previous year : ₹ 51.11 crores) and decrease by ₹ 46.74 crores (Previous year : ₹ 51.11 crores) respectively with a corresponding increase/decrease in Total Equity of the Company as at 31st March, 2022. 10% represents management's assessment of reasonably possible change in equity prices.

2) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans and other receivables. The Group's exposure to credit risk is disclosed in note 5 (except equity shares, bonds and debentures), 6, 7 and 8B.

The Group has adopted a policy of only dealing with counterparties that have sufficiently high credit rating. The Group's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties.

Credit risk arising from investment in mutual funds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the international credit rating agencies.

The average credit period on sales of products and services is a maximum of 240 days. Credit risk arising from trade receivables is managed in accordance with the Group's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/modified. The concentration of credit risk is limited due to the fact that the customer base is large. There is no customer representing more than 5% of the total balance of trade receivables.

For trade receivables, as a practical expedient, the Group companies compute credit loss allowance based on a provision matrix. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. The provision matrix at the end of the reporting period for the Parent Company is given below. The Group has used the principles of prudence in applying judgments, estimates and assumptions including sensitivity analysis and based on the current estimates, the Group expects to fully recover the carrying amount of trade receivables.

Net Outstanding > 365 days	% Collection to gross outstanding in current year	Credit loss allowance
Yes	< 25%	Yes, to the extent of lifetime expected credit losses outstanding as at reporting date.
Yes	> 25%	Yes, to the extent of lifetime expected credit losses pertaining to balances outstanding for more than one year.

Above matrix for expected credit loss allowance is used by the Parent Company. Similar matrix has been prepared for respective subsidiaries considering business context of the respective subsidiaries.

	(₹ in Crores)	
Movement in expected credit loss allowance on trade receivables	31.03.2022	31.03.2021
Balance at the beginning of the year	185.31	155.49
Loss allowance measured at lifetime expected credit losses	53.64	29.82
Balance at the end of the year	238.95	185.31

In accordance with Ind AS 109 – Financial Instruments, the Parent Company has re-assessed expected timing of cash-flow towards subsidy receivable from the State Governments and has accordingly provided for time value of money. Consequently, an amount of ₹ 53.73 crores computed under 'expected credit loss' method is recognized as an exceptional item towards subsidy receivable for earlier years. The Parent Company is confident about the ultimate realisation of the dues from the State governments. There is no credit risk attached to these receivables.

NOTE 30 (C) : FINANCIAL RISK MANAGEMENT - OBJECTIVES AND POLICIES (CONTD.)

3) Liquidity Risk

Liquidity risk is the risk that the Group will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The Group has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The Group's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group manages the liquidity risk by maintaining adequate funds in cash and cash equivalents. The Group also has adequate credit facilities agreed with banks to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost-effective manner.

The table below analyses derivative and non-derivative financial liabilities of the Group into relevant maturity groupings based on the remaining period from the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

	(₹ in Crores)				
	Less than 1 year	Between 1 to 5 years	Over 5 years	Total	Carrying Value
At 31st March, 2022					
Borrowings (Refer note 15)	731.12	48.20	-	779.32	775.66
Lease Liabilities (Refer note 16)	256.46	563.37	164.39	984.22	811.22
Trade Payables (Refer note 20)	4,164.30	-	-	4,164.30	4,164.30
Other financial liabilities (Refer note 17)	1,886.81	2.18	-	1,888.99	1,888.99
At 31st March, 2021					
Borrowings (Refer note 15)	334.05	20.04	-	354.09	340.23
Lease Liabilities (Refer note 16)	231.32	518.19	163.35	912.86	744.54
Trade Payables (Refer note 20)	3,378.72	-	-	3,378.72	3,378.72
Other financial liabilities (Refer note 17)	1,594.67	3.38	-	1,598.05	1,606.40

NOTE 30 (D) : CAPITAL MANAGEMENT

For the purpose of the Group's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Group. The primary objective of the Group when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

The capital structure of the Group consists of debt, which includes the borrowings disclosed in note 15 and equity attributable to owners of the Company, comprising issued capital, reserves and accumulated profits as presented in the Statements of changes in Equity.

Consequent to such capital structure, there are no externally imposed capital requirements. In order to maintain or achieve an optimal capital structure, the Group allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans.

NOTE 31 : DIVIDEND

	(₹ in Crores)	
	Year 2021-22	Year 2020-21
Dividend on equity shares paid during the year		
Final dividend for the FY 2020-21 [₹ 14.50 (Previous year - ₹ 1.50) per equity share of ₹ 1 each]	1,390.84	143.88
Interim dividend for the FY 2021-22 [₹ 3.65 (Previous year - ₹ 3.35) per equity share of ₹ 1 each]	350.11	321.35
Total	1,740.95	465.23

Proposed Dividend:

The Board of Directors at its meeting held on 10th May, 2022 have recommended a payment of final dividend of ₹ 15.50 (Rupees fifteen and paise fifty only) per equity share of face value of ₹ 1 each for the financial year ended 31st March, 2022. The same amounts to ₹ 1,486.76 crores.

The above is subject to approval at the ensuing Annual General Meeting of the Company and hence is not recognised as a liability.

NOTE 32 : EMPLOYEE BENEFITS

1) Post-employment benefits :

The Group has the following post-employment benefit plans:

a) Defined benefit gratuity plan

The Parent and Indian subsidiaries operate defined benefit gratuity plan for its employees, which requires contributions to be made to a separately administered fund or a financial institution. It is governed by the Payment of Gratuity Act, 1972. Under the Act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. In case of the Parent, the fund has the form of a trust and it is governed by the Board of Trustees. The Board of Trustees is responsible for the administration of the plan assets including investment of the funds in accordance with the norms prescribed by the Government of India. In case of Indian subsidiaries, the fund is managed by Life Insurance Corporation (LIC) and every year the required contribution amount is paid to LIC.

The International subsidiaries operate an unfunded gratuity scheme; provision in respect of which is made annually covering all its permanent eligible employees and workers who have completed stipulated years of their service with the respective subsidiaries.

As the plan assets include significant investments in quoted debt and equity instruments the parent is exposed to the risk of impacts arising from fluctuation in interest rates and risks associated with equity market.

Fair value of the Parent's own transferable financial instruments held as plan assets: NIL

b) Defined benefit pension plan

The Parent operates a defined benefit pension plan for certain specified employees and is payable upon the employee satisfying certain conditions, as approved by the Board of Directors.

c) Defined benefit post-retirement medical benefit plan

The Parent and certain overseas subsidiaries operate a defined post retirement medical benefit plan for certain specified employees and payable upon the employee satisfying certain conditions.

d) Leaving Indemnity plan

Certain overseas subsidiaries provide Leaving Indemnity plan benefits based on last drawn basic salary at the time of separation in accordance with the local labour laws. These defined benefit plans are unfunded.

Asset-Liability Matching (for gratuity and pension plan funded)

Each year, the Board of Trustees and the Parent review the level of funding in the India gratuity plan. Such a review includes the asset-liability matching strategy and assessment of the investment risk. The Parent decides its contribution based on the results of this annual review. Generally, it aims to have a portfolio mix of sovereign debt instruments, debt instruments of Corporates and equity instruments. The Parent Company aims to keep annual contributions relatively stable at a level such that no significant plan deficits (based on valuation performed) will arise.

Every two years an asset-liability matching study is performed in which the consequences of the investments are analyzed in terms of risk and return profiles. The Board of Trustees, based on the study, takes appropriate decisions on the duration of instruments in which investments are done. As per the latest study, there is no asset-liability-mismatch. There has been no change in the process used by the Parent to manage its risks from prior periods.

Aforesaid post-employment benefit plans typically expose the Group to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

NOTE 32 : EMPLOYEE BENEFITS (CONTD.)

1) Post-employment benefits : (Contd.)

Investment Risk	These plans invest in long term debt instruments such as Government securities and highly rated corporate bonds. The valuation of which is inversely proportionate to the interest rate movements. There is risk of volatility in asset values due to market fluctuations and impairment of assets due to credit losses.
Interest Risk	The present value of the defined benefit liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on Government securities. A decrease in yields will increase the fund liabilities and vice-versa. A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's investments.
Longevity Risk	The present value of the defined benefit liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary Risk	The present value of the defined benefit liability is calculated by reference to the future salaries of plan participants. As such, an increase in salary of the plan participants will increase the plan's liability.

Actuarial Valuation

The above mentioned plans are valued by independent actuaries using the projected unit credit method. The information that follows is extracted from the actuarial reports of the subsidiaries. The independent actuaries who carried out the actuarial valuations as at 31st March, 2022 are as follows: -

1. TransValue Consultants
2. Padma Radya Aktuariala
3. Aon Consulting Private Ltd

The following tables summarise the components of net defined benefit expense recognised in the Consolidated Statement of Profit and Loss/OCI and the funded status and amounts recognised in the Balance Sheet for the respective plans:

		(₹ in Crores)					
		Gratuity (Funded Plan)		Pension (Unfunded Plan)		Leaving Indemnity, Gratuity, Medical Plan and Post retirement medical plan (Unfunded Plan)	
		As at 31.03.2022	As at 31.03.2021	As at 31.03.2022	As at 31.03.2021	As at 31.03.2022	As at 31.03.2021
(i)	Opening defined benefit obligation	233.66	201.64	1.63	1.58	34.06	31.91

(xxiv)	Statement of other comprehensive income (x-xviii)	(3.76)	5.84	(0.19)	0.12	(0.64)	0.28

The major categories of plan assets of the fair value of the total plan assets for the Parent Company are as follows:

(₹ in Crores)

Particulars	As at 31.03.2022	As at 31.03.2021
Government of India Securities (Central and State)	116.32	105.27
High quality corporate bonds (including Public Sector Bonds)	88.12	79.73
Equity shares, Equity mutual funds and ETF	17.31	9.39
Cash (including liquid mutual funds)	0.37	0.40
Others	6.51	4.31

NOTE 32 : EMPLOYEE BENEFITS (CONTD.)

1) Post-employment benefits : (Contd.)

The principal assumptions used in determining gratuity and post-employment medical benefit obligations for the Group plans are shown below:

	Gratuity (Funded Plan)		Pension (Unfunded Plan)		Leaving Indemnity, Gratuity, Medical Plan and Post retirement medical plan (Unfunded Plan)	
	As at 31.03.2022	As at 31.03.2021	As at 31.03.2022	As at 31.03.2021	As at 31.03.2022	As at 31.03.2021
Discount Rate	6.78% to 7.34%	6.39% to 6.94%	7.27%	6.87%	3.50% to 14.70%	3.80% to 9.88%
Salary Escalation Rate	All Grades- 9% for first 2 years 8% thereafter	All Grades- 10% for first year 9% for second year 8% thereafter	-	-	0% to 13.00%	3.50% to 12.00%

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase. The sensitivity analysis below has been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

	Defined Benefits Plan		Pension (Unfunded Plan)		Leaving Indemnity, Gratuity, Medical Plan and Post retirement medical plan (Unfunded Plan)	
	As at 31.03.2022	As at 31.03.2021	As at 31.03.2022	As at 31.03.2021	As at 31.03.2022 [#]	As at 31.03.2021 [#]
	(₹ in Crores)					
Defined Benefit Obligation - Discount Rate + 100 basis points	(18.98)	(17.54)	(0.08)	(0.09)	(0.06)	(0.23)
Defined Benefit Obligation - Discount Rate - 100 basis points	20.88	19.11	0.09	0.10	0.07	0.24
Defined Benefit Obligation – Salary Escalation Rate + 100 basis points	20.07	18.41	-	-	-	-
Defined Benefit Obligation - Salary Escalation Rate - 100 basis points	(18.79)	(17.60)	-	-	-	-

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the Balance Sheet.

The average duration of the defined benefit plan obligation at the end of the reporting period ranges from 6.92 years to 11.49 years (31st March, 2021: 6.87 years to 11.69 years.)

The Group expects to make a contribution of ₹ 26.63 crores (Previous year: ₹ 47.14 crores) to the defined benefit plans during the next financial years.

[#] Sensitivity analysis does not include impact of overseas subsidiaries as the same is not material

e) Provident Fund

The provident fund assets and liabilities of the Parent Company is managed by its provident fund trusts. The plan guarantees interest at the rate notified by the Provident Fund Authorities. The contribution by the employer and employee together with the interest accumulated thereon are payable to employees at the time of separation from the Parent or retirement, whichever is earlier. The benefit vests immediately on rendering of the services by the employee. In terms of the guidance note issued by the Institute of Actuaries of India for measurement of provident fund liabilities, the actuary has provided a valuation of provident fund liability and based on the assumptions provided below, there is no shortfall as at 31st March, 2022.

NOTE 32 : EMPLOYEE BENEFITS (CONTD.)**1) Post-employment benefits : (Contd.)****e) Provident Fund (Contd.)**

The details of benefit obligation and plan assets of the provident funds is as given below:

(₹ in Crores)		
Particulars	As at 31.03.2022	As at 31.03.2021
Present value of benefit obligation at period end	709.01	661.02
Plan assets at period end, at fair value, restricted to asset recognized in Balance Sheet	709.01	661.02

Assumptions used in determining the present value obligation of the interest rate guarantee under the Projected Unit Credit Method (PUCM):

Particulars	As at 31.03.2022	As at 31.03.2021
Discounting Rate	7.27%	6.87%
Expected Guaranteed interest rate	8.10%*	8.50%

*Rate announced by Central Board of Trustees of Employees Provident Fund Organisation for the FY 2021-22 and the same is used for valuation purpose. The Trust has provisionally declared interest rate of 8.30% for FY 2021-22.

2) Other Long term employee benefits:**Annual Leave and Sick Leave assumptions**

The liability towards compensated absences (annual leave and sick leave) for the year ended 31st March, 2022 based on actuarial valuation carried out by using Projected Accrued Benefit Method resulted in increase in liability by ₹ 14.81 crores (Previous Year: ₹ 33.90 crores)

(a) Financial Assumptions

Particulars	As at 31.03.2022	As at 31.03.2021
Discount Rate	3.50% to 14.70%	3.80% to 9.88%
Salary increases allowing for Price inflation	0% to 13.00%	3.50% to 12.00%

(B) Demographic Assumptions

Particulars	As at 31.03.2022	As at 31.03.2021
Mortality	IALM (2012-14) Ultimate	IALM (2012-14) Ultimate
Employee Turnover	1.80% to 40%	1.80% to 30%
Leave Availment Ratio	2% to 5%	2% to 5%

3) Employee share based payment plans

During the year ended 31st March, 2022, the Group implemented Asian Paints Employee Stock Option Plan 2021 ("2021 Plan"). The plan was approved by shareholders in the Parent Company's 75th AGM held on 29th June, 2021. The 2021 Plan enables grant of stock options to the eligible employees of the Group is not exceeding 25,00,000 Shares, which is 0.26 % of the paid up equity share capital of the Parent Company as on 12th May, 2021. Further, the stock options to any single employee under the Plan shall not exceed 5,00,000 Shares of the Parent Company during the tenure of the Plan, subject to compliance with Applicable Law.

The options granted under 2021 Plan have a maximum vesting period of 4 years. The options granted are based on the performance of the employees during the year of the grant and their continuing to remain in service over the next 3 years. The process for determining the eligibility of employees for the grant of stock options under the 2021 Plan shall be determined by the Nomination and Remuneration Committee (Administrator of the 2021 Plan) in consultation with Managing Director & CEO and based on employee's grade, performance rating and such other criteria as may be considered appropriate. The employees shall be entitled to receive one equity share of the Parent Company on exercise of each stock option, subject to performance of the employees and continuation of employment over the vesting period. The exercise price for stock options granted are at a discount of 50% to the Reference Share Price (the average of the daily high and low of the volume weighted average prices of the Shares quoted on a recognised stock exchange during the 22 trading days preceding the day on which the grant is made) of the shares of the Parent Company as defined under 2021 Plan.

NOTE 32 : EMPLOYEE BENEFITS (CONTD.)

3) Employee share based payment plans (Contd.)

Further, the 2021 Plan replaced the existing Deferred Incentive Scheme (which provided for deferred cash pay-outs based on performance of the employees and satisfaction of vesting conditions). Pursuant to launch of 2021 Plan, the eligible employees were given option to convert existing deferred incentive benefit for FY 2020-21 into ESOPs. Accordingly, stock options were granted to those employees opting for ESOPs.

The Administrator approved secondary purchase of shares equivalent to the options granted in August 2021 through Asian Paints Employees Stock Ownership Trust ("ESOP Trust" or "Trust") which is shown as treasury shares in the Statement of Changes in Equity.

a) Details of Stock Options granted:

Particulars	Grant 1	Grant 2	Grant 3
Grant Date	16 th August 2021	16 th August 2021	10 th February 2022
Vesting Date	31 st March 2024	31 st March 2025	31 st March 2025
Fair Value at Grant Date (₹)	1,685.13	1,752.87	1,884.83
Exercise Price (₹)*	1,518.70	1,518.70	1,632.53
Options outstanding at the beginning of the year	-	-	-
Options granted during the year	1,10,514	1,16,022	4,425
Options exercised during the year	-	-	-
Options forfeited during the year	-	-	-
Options lapsed during the year	2,160	2,718	-
Balance as at year end	1,08,354	1,13,304	4,425
Exercisable at period end	-	-	-
Weighted Average remaining contractual life (years)	3	4	4

*Also represents weighted average exercise price for respective option series towards all the movement including opening and closing outstanding options.

b) Fair Value of Stock Options granted:

Fair Value of Stock Options was calculated using the Black Scholes Model. The key assumptions used for calculating the option fair value are as below:

Grant date	Risk free interest rate	Expected life	Expected volatility	Dividend Yield	Market price at the time of grant of the option (₹)	Exercise price
Assumptions:	Zero Coupon Sovereign Bond Interest Rate equivalent for option life	Tenure to vesting of options and half of exercise period assuming even exercise of shares during exercise period	Based on daily volatility for period equivalent for option life	Dividend yield is calculated as dividend paid in last FY divided by current share price		50% of Reference Share Price
Grant 1 - 16 th August, 2021	5.07%	3.12 years	34.67%	0.60%	2,987.55	1,518.70
Grant 2 - 16 th August, 2021	5.50%	4.12 years	32.17%	0.60%	2,987.55	1,518.70
Grant 3 - 10 th February, 2022	5.57%	3.63 years	33.93%	0.55%	3,228.35	1,632.53

During the year, the Group has recognized an expense of ₹ 10.94 crores (31st March, 21: Nil). This is net of reversal of provision of deferred incentive scheme of ₹ 2.45 crores.

Terms and conditions of transactions with related parties:

- The Group has been entering into transactions with related parties for its business purposes. Related party vendors are selected competitively in line with other unrelated parties having regard to strict adherence to quality, timely servicing, and cost advantage. Further related party vendors provide additional advantages in terms of:
 - Supplying products primarily to the Group,
 - Advanced and innovative technology,
 - Customization of products to suit the Group's specific requirements, and
 - Enhancement of the Group's purchase cycle and assurance of just in time supply with resultant benefits—notably on working capital.
- The purchases from and sales to related parties are made on terms equivalent to and those applicable to all unrelated parties on arm's length transactions.
Outstanding balances payable and receivable at the year-end are unsecured, interest free and will be settled in cash.
- The assessment of receivables is undertaken in each financial year through examining the financial position of related parties, the market and regulatory environment in which related parties operate and is in accordance with the accounting policy of the Group.

NOTE 35: SEGMENT REPORTING**Basis of Segmentation:****Factors used to identify the reportable segments**

The Group has following business segments, which are its reportable segments. These segments offer different products and services, and are managed separately because they require different technology and production processes.

Reportable Segment	Products/Services
Paints	Manufacturing and/or trading of paints, décor products and related services
Home Improvement	Manufacturing and/or trading of Kitchen and Bath Fitting products along with related services

Operating segment disclosures are consistent with the information provided to and reviewed by the chief operating decision maker.

The measurement principles of segments are consistent with those used in Significant Accounting Policies. Inter-segment transactions are determined on an arm's length basis.

Notes to the Consolidated Financial Statements (Contd.)

NOTE 39 : EXCEPTIONAL ITEMS

	(₹ in Crores)	
	Year 2021-22	Year 2020-21
1. Expected credit loss allowance on subsidy receivable from state governments (Refer note 1)	53.73	-
2. Exchange loss on devaluation of Sri Lanka currency (Refer note 2)	48.50	-
3. Impairment loss on Goodwill on consolidation in Causeway Paints (Refer note 3)	13.47	-
	115.70	-

- The Parent Company has re-assessed expected timing of receipt of cashflow towards subsidy receivable from the State Governments, in accordance with Ind AS 109 – Financial Instruments and has accordingly provided for time value of money in the Consolidated Financial Statements for the year ended 31st March, 2022. Consequently:
 - An amount of ₹ 53.73 crores computed under 'expected credit loss' method is recognized as an exceptional item towards subsidy receivable for earlier years.
 - Subsidy income under 'Other operating revenue' is lower by ₹ 31.10 crores.
The Parent Company is confident about the ultimate realisation of the dues from the State Governments.
- The current economic crisis in Sri Lanka has led to currency devaluation. This has resulted in recognition of an expense of ₹ 48.50 crores towards exchange loss arising on foreign currency obligations of Causeway Paints Lanka (Pvt.) Limited (Causeway Paints), subsidiary of the Group. Consequent to the currency devaluation, the Group has also recognized foreign currency translation loss of ₹ 139.87 crores on Consolidation of Financial Statements of Causeway Paints in the Other Comprehensive Income for the year ended 31st March, 2022.
- The Group has made an assessment of the fair value of investment made in Causeway Paints taking into account the business performance, prevailing business conditions and revised expectations of the future performance considering ongoing economic crisis in Sri Lanka. Accordingly, the Group has recognized an impairment loss of ₹ 13.47 crores on the 'Goodwill on Consolidation', recognized on acquisition of Causeway Paints. The recoverable amount of the CGU is ₹ 262.27 crores determined based on its value in use considering a discount rate of 20.3%.

NOTE 40A :

A competitor of the Parent Company had filed a complaint with the Competition Commission of India (CCI) alleging the Parent Company to be hindering its entry in the decorative paints market by virtue of unfair use of the Parent Company's position of dominance in the market. On 14th January 2020, the CCI passed a prima facie Order under the provisions of the Competition Act, 2002 directing the Director General (DG) to conduct an investigation into the matter. The Parent Company had received notices seeking certain information and the Parent Company has provided the same from time to time. The Commission is yet to pass a final order in this regard.

NOTE 40B :

On 2nd September, 2021, the National Company Law Tribunal, Mumbai approved Scheme of amalgamation ("the Scheme") of Reno Chemicals Pharmaceuticals and Cosmetics Private Limited ("Reno"), wholly owned subsidiary of the Parent Company, with the Parent Company. Pursuant to the necessary filings with the Registrar of Companies, Mumbai, the scheme has become effective from 17th September, 2021 with the appointed date of 1st April, 2019. There is no impact of amalgamation on the Consolidated Financial Statements. The accounting treatment is in accordance with the approved scheme and Indian Accounting Standards.

NOTE 40C :

On 1st April, 2021, the Registrar General of Companies in Sri Lanka approved the scheme of amalgamation of Asian Paints (Lanka) Ltd. into Causeway Paints Lanka (Pvt) Ltd., subsidiaries of Asian Paints International Private Limited ('APIPL'). APIPL is a wholly owned subsidiary of Asian Paints Limited. This is a common control transaction and has no impact on the Consolidated Financial Statements.

NOTE 40D :

On 1st April, 2022, the Parent Company entered into the Shareholders Agreement and Share Subscription Agreement with the promoters of Weatherseal Fenestration Private Limited (hereinafter referred to as "Weatherseal Fenestration") for, inter alia, infusion of ₹ 19 crores (approx.) for 51% stake by subscription to equity share capital of Weatherseal Fenestration, subject to customary closing adjustments and conditions precedent. On fulfillment of such conditions, the acquisition of Weatherseal Fenestration shall be considered as completed and it will become a subsidiary. Further, in accordance with the Shareholders Agreement and the Share Subscription Agreement, the Parent Company has agreed to acquire further stake of 23.9% in Weatherseal Fenestration from its promoter shareholders, in a staggered manner, over the next 3 years period. There is no impact of the above business acquisition on the Consolidated Financial Statements.

NOTE 40E:

On 1st April, 2022, the Parent Company entered into a Share Purchase Agreement and other definitive documents with the shareholders of Obgenix Software Private Limited (popularly known by the brand name of 'White Teak') for the acquisition of 100% of its equity share capital in a staggered manner over the period of next 3 years, subject to certain conditions. The Parent Company has acquired 49% of its equity share capital for a consideration of ₹ 180 crores (approx.) along with an earn out upto a maximum of ₹ 114 crores, payable after a year, subject to achievement of mutually agreed financial milestones. The remaining 51% of the equity share capital would be acquired in a staggered manner. White Teak has become an associate from the date of acquisition. There is no impact of the above business acquisition on the Consolidated Financial Statements.

Add: Options granted to employees [#]	23,717	-
Weighted average number of equity shares outstanding during the year used for computing diluted earnings per share	95,91,01,018	95,91,97,790

[#] 41 stock options are excluded from calculating weighted average number of outstanding equity shares for the purpose of diluted EPS for 31st March, 2022 (Previous year - Nil) as these are anti-dilutive.

Earnings Per Share amounts are calculated by dividing the profit for the year attributable to owners of the Parent by the weighted average number of Equity shares outstanding during the year.

NOTE 42 : PURSUANT TO IND AS-116 - LEASES, THE FOLLOWING INFORMATION IS DISCLOSED:**i) Assets given on operating leases**

- Certain subsidiaries have provided tinting systems to its dealers on an operating lease basis. The lease period is four years. The lease rentals are payable monthly by the dealers. A refundable security deposit is collected at the time of signing the agreement.
- Future minimum lease rentals receivable as at 31st March, 2022 as per the lease agreements:

Particulars	(₹ in Crores)	
	As at 31.03.2022	As at 31.03.2021
Not later than 1 year	0.11	0.18
Later than 1 year and not later than 5 years	0.08	0.22
Later than 5 years	-	-
Total	0.19	0.40

The information pertaining to future minimum lease rentals receivable is based on the lease agreements entered into between the respective companies and the dealers and variation made thereto. The lease rentals are reviewed periodically taking into account prevailing market conditions.

- The initial direct cost relating to acquisition of tinting system is capitalised.
- The information on gross amount of leased assets, depreciation and impairment is given in Note 2B.

NOTE 42 : PURSUANT TO IND AS-116 - LEASES, THE FOLLOWING INFORMATION IS DISCLOSED: (CONTD.)**II) Assets given on finance lease**

- A subsidiary has given some of its plant and equipment on finance lease which effectively transferred substantially all of the risks and benefits incidental to the ownership.
- The total gross investment in these leases and the present value of minimum lease payment receivable as at 31st March, 2022 and 31st March, 2021 is as under:

	As at 31.03.2022			As at 31.03.2021		
	Gross investments in lease	Unearned finance income	Present value receivables	Gross investments in lease	Unearned finance income	Present value receivables

Closing Balance	1.50	2.24	26.83	28.93	0.67	0.54	-	-

These provisions represent estimates made mainly for probable claims arising out of litigations/disputes pending with authorities under various statutes (Excise duty, Sales tax). The probability and the timing of the outflow with regard to these matters depend on the final outcome of the litigations/disputes. Hence, the Group is not able to reasonably ascertain the timing of the outflow.

- Excise provision made towards matters disputed at various appellate levels.
- Sales tax provisions made towards non-receipt of 'C' forms and other matters disputed at various appellate level.
- Provision for warranties represents management's best estimate of the liability for warranties granted on paints by some of the subsidiaries based on past experience of claims.
- Provision for other statutory liabilities represent provision for probable outflow towards employee related statutory liabilities.

Asian Paints Limited	Aloke Speciality Machines And Components Pvt Ltd	Shares held by struck off Company

None of the above mentioned struck off companies are related party of the Group.

NOTE 45B: ADDITIONAL REGULATORY INFORMATION REQUIRED BY SCHEDULE III TO THE COMPANIES ACT, 2013

- (i) The Parent and Indian subsidiaries do not have any benami property held in their name. No proceedings have been initiated on or are pending against the Parent and Indian subsidiaries for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.
- (ii) The Parent and Indian Subsidiaries have not been declared wilful defaulter by any bank or financial institution or other lender or government or any government authority.
- (iii) The Parent and Indian subsidiaries have complied with the requirement with respect to number of layers as prescribed under section 2(87) of the Companies Act, 2013 read with the Companies (Restriction on number of layers) Rules, 2017.

(iv) Utilisation of borrowed funds and share premium

- I The Parent and Indian Subsidiaries have not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:
 - (a) Directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent Company (Ultimate Beneficiaries) or
 - (b) Provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries
- II The Parent and Indian Subsidiaries have not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:
 - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - (b) provide any guarantee, security or the like on behalf of the ultimate beneficiaries
- (v) There is no income surrendered or disclosed as income during the year in tax assessments under the Income Tax Act, 1961 (such as search or survey), that has not been recorded in the books of account.
- (vi) The Group has not traded or invested in crypto currency or virtual currency during the year.
- (vii) The Parent and Indian Subsidiaries do not have any charges or satisfaction of charges which is yet to be registered with ROC beyond the statutory period.
- (viii) The Parent and Indian Subsidiaries have working capital facilities sanctioned by bank on the basis of security of current assets, inventories and trade receivables. Quarterly statements of current assets filed by the Parent and Indian subsidiaries with bank are in agreement with the books of accounts. The Group has not used borrowings for purpose other than specified purpose of the borrowing.

NOTE 46 :

The Consolidated Financial Statements are approved for issue by the Audit Committee and the Board of Directors at their respective meetings conducted on 10th May, 2022.

Form AOC-I : Statement containing salient features of the Financial Statements of Subsidiaries and Joint Ventures

(Pursuant to first proviso to sub section (3) of Section 129 read with Rule 5 of the Companies (Accounts) Rules, 2014)

Assurance Certificate

Price Waterhouse Chartered Accountants LLP

Independent practitioner's limited assurance report

To the Board of Directors Asian Paints Limited

We have undertaken to perform limited assurance engagement for Asian Paints (the 'Company') vide Engagement Letter dated May 19, 2022 and addendum to Engagement Letter dated May 24, 2022 in respect of the agreed indicators/parameters listed below (the "Identified Sustainability Indicators"). These indicators/parameters are as identified in the GRI Index included in the Integrated Report of the Company for the year ended March 31, 2022 ('the Integrated Report').

Identified Sustainability Indicators

The Identified Sustainability Indicators are summarised in Annexure 1 to this report.

Our limited assurance engagement was with respect to the financial year ended March 31, 2022 information only and we have not performed any procedures with respect to earlier periods or any other elements included in the Integrated Report and, therefore, do not express any conclusion thereon.

Criteria

The criteria used by the Company to prepare Identified Sustainability Indicators are Global Reporting Initiatives Standards ("GRI Standards") as stated under 'Approach to Reporting' on page 5 of the Integrated Report (the 'Criteria').

Management's Responsibility

The Company's management is responsible for identification of key aspects, engagement with stakeholders, content, preparation and presentation of the Integrated Report in accordance with the Criteria. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation of the integrated report and measurement of Identified Sustainability Indicators, which is free from material misstatement, whether due to fraud or error.

Inherent limitations

The absence of a significant body of established practice on which to draw to evaluate and measure non-financial indicators allows for different, but acceptable, measures and measurement techniques and can affect comparability between entities.

Our Independence and Quality Control

We have complied with the independence and other ethical requirements of the International Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants (IESBA Code), which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

Our firm applies International Standard on Quality Control 1 and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Price Waterhouse Chartered Accountants LLP, Building No. 8, 8th Floor, Tower - B, DLF Cyber City, Gurugram - 122 002

Registered office and Head office: Sucheta Bhawan, 11A Vaidya Dargamarg, New Delhi 110 002

Price Waterhouse (a Partnership Firm) converted into Price Waterhouse Chartered Accountants LLP (a Limited Liability Partnership with LLP identity no: LLPIN AAG-5001) with effect from July 25, 2014. Post its conversion to Price Waterhouse Chartered Accountants LLP, its ICAI registration number is 012754W/N500016 (ICAI registration number before conversion was 012754W).

Our Responsibility

Our responsibility is to express a limited assurance conclusion on the Identified Sustainability Indicators based on the procedures we have performed and evidence we have obtained. We conducted our limited assurance engagement in accordance with International Standard on Assurance Engagements 3000 (Revised) 'Assurance Engagements other than Audits or Reviews of Historical Financial Information', issued by the International Auditing and Assurance Standards Board. These standards require that we plan and perform this engagement to obtain limited assurance about whether the Identified Sustainability Indicators are free from material misstatement.

A limited assurance engagement involves assessing the suitability in the circumstances of the Company's use of the Criteria as the basis for the preparation of the Identified Sustainability Indicators, assessing the risks of material misstatement of the Identified Sustainability Indicators whether due to fraud or error, responding to the assessed risks as necessary in the circumstances, and evaluating the overall presentation of the Identified Sustainability Indicators.

A limited assurance engagement is substantially less in scope than a reasonable assurance engagement in relation to both the risk assessment procedures, including an understanding of internal control, and the procedures performed in response to the assessed risks.

The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, evaluating the appropriateness of quantification methods and reporting policies, and agreeing or reconciling with underlying records.

Given the circumstances of the engagement, in performing the procedures listed above, we:

- Make enquiries of Company's management, including the various teams such as Sustainability team, Corporate Social Responsibility (CSR) team, etc., and those with responsibility for managing company's Integrated reporting.
- Performed understanding and evaluation of the design of the key structures, systems, processes and controls for managing, recording and reporting on the agreed indicators/parameters including at the site visited.
- Checked consolidation at corporate office for ensuring the completeness of data being reported;
- Perform limited substantive testing on a selective basis of the agreed Indicators/parameters at corporate head office, and in relation to sample site(Rohtak), to check that data had been appropriately measured, recorded, collated and reported;
- Reviewed the level of adherence to the GRI Standards, the reporting frameworks followed by the Company in preparing the Integrated Report.
- Reviewed the Integrated Report for detecting, on a test basis, any major anomalies between the information reported in the Integrated Report on performance with respect to agreed Indicators/parameters and relevant source data/information
- Obtained representations from Company's Management

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had we performed a reasonable assurance engagement. Accordingly, we do not express a reasonable assurance opinion about whether the Identified Sustainability Indicators have been prepared, in all material respects, in accordance with the Criteria.

Exclusions

Our limited assurance scope excludes the following and therefore we do not express a conclusion on the same:

- Operations of the Company other than those mentioned in the "Scope of Assurance"
- Aspects of the Integrated Report and the data/information (qualitative or quantitative) other than the agreed Indicators/Parameters
- Data and information outside the defined reporting period i.e. April, 2021 to March 2022
- The statements that describe expression of opinion, belief, aspiration, expectation, aim or future intentions provided by the Company

Limited Assurance Conclusion

Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the Company's Identified Sustainability Indicators contained in the Integrated Report for the financial year ended March 31, 2022 are not prepared, in all material respects, in accordance with the Criteria.

Restriction on Use

Our limited assurance report has been prepared and addressed to the Board of Directors of the Company at the request of the company solely to assist the company in reporting on the Company's Sustainability performance and activities. Accordingly, we accept no liability to anyone, other than the Company. Our deliverables should not be used for any other purpose or by any person other than the addressees of our deliverables. The Firm neither accepts nor assumes any duty of care or liability for any other purpose or to any other party to whom our Deliverables are shown or into whose hands it may come without our prior consent in writing.
